Arrival and starter

I can sort one raw item.

I can sort one made item.

I can add a row to a table.

Hold a safe raw rock. Look at a brick card.

Think back. Say, sign or point.

1. Name one use of a rock.
2. What does a water test check?
3. What do people and animals get from food?

You may point, sign, say or write your first ideas.

I can sort one raw item.

I can sort one made item.

I can add a row to a table.

Make a row for raw and made items.

Say it first. You can plan in any language.

Point, sign, speak, draw, type, write, use a scribe or a staff-captured photo.

Why is clay natural but a brick made?

Say: The raw ____ is ____, but the finished ____ is ____.

Go deeper: An object has two materials. How can your table show both?

Mixed item judge: Choose a made item with two raw materials. Plan a fair row.

Item	Group
_____	_____
_____	_____
_____	_____
_____	_____

Choose one route within the full 8 minutes. Keep your own response.

Review and exit

I can sort one raw item.

I can sort one made item.

I can add a row to a table.

Check one row. Hear one next step.

Hear feedback (VF) and one next step (NS(+)). Edit one part (//).

Take one quiet minute to reset.

Show your row to an adult.

Read it back: I am learning to sort things from nature and things people make.

My feedback was… I showed…

Next I need to… try one small fix.

How I know: I can sort one raw item. I can sort one made item. I can add a row to a table.

Tell your teacher. They will pick our next start.

Take one quiet minute before the next lesson.
