Global warming and choices

Today I can… ☐ I can put cause before effect. ☐ I can say how gases add to warming. ☐ I can compare a cut in emissions with help for an impact.

Arrival · Supported

Sort these: weather today; climate over many years.

Point to the long-term idea.

Global warming and choices

Today I can… □ I can put cause before effect. □ I can say how gases add to warming. □ I can compare a cut in emissions with help for an impact.

Exit ticket · Supported

Name a cause, an effect and an action. Which link does your action change?

Read it back: explain a cause and an effect of global warming, then compare two kinds of action.

My feedback was… say what changed. Next I need to… name a fix.

How I know: I can put cause before effect. I can say how gases add to warming. I can compare a cut in emissions with help for an impact.

The adult hears you and chooses our next example. Take one quiet minute.

My confidence: □ 1 □ 2 □ 3
