Teacher and cover plan

1. Outcome

I can use real autumn science evidence to explain one linked idea, note a limit, and improve my work after feedback.

Weekly line C45: Review and evidence autumn science ([QUAL] / [QUAL]).

2. Arrival

Use the source retrieval and a predictable start; check actual prior coverage.

3. Starter

Keep each first idea visible. Accept point, sign, speech or an exact scribe.

4. I do

Model the science and the source words. Keep the worked example and its limit.

5. We do

Hear every learner’s own choice and reason. Re-model for those unsure; secure learners try a fresh check.

6. You do

each learner’s claim, genuine locator, clue, reason, limit, actual response and saved change

7. Routes

Supported / Independent / Aspire are choices of access and challenge within one task budget.

8. Access

No cold calling. Learner may pass; allow a quiet pause and exact scribing.

9. TA role

Use the five-step prompt ladder. Record support separately and fade it.

10. Exit

Hear each learner’s response and use it to choose the next teaching step.

11. Evaluation

Date taught _____ Changes, reasons and coverage _____

Teacher and cover plan · kit and timing

12. Kit, safety, evidence and timing

For up to five learners: five individual record sets and pencils, two sets of source/limit and revision cards, five pairs of STRONG LINK/CHECK THIS markers, and genuine school-held work with locators. Five use a pair and trio; four two pairs; three a trio. FC-2 is a supplied teaching model. No practical kit is required.

Use school-approved records and the agreed quiet response space. Do not display personal details publicly. No forced public reading or speech. Keep adult preparation, prompts, exact scribing and filing separate from learner meaning. Follow any formal-evidence conditions.

Time	Stage
0–3 min	Arrival
3–6 min	Starter
6–10 min	I do
10–13 min	We do
13–16 min	I do 2
16–20 min	We do 2
20–36 min	Independent
36–40 min	Exit

Total 40 minutes. Quiet resets and feedback sit within the stated blocks. Alternate routes do not add time. Each learner keeps their own evidence.

Evidence: first response, result or labelled explanation, actual feedback, pupil response and Exit. Use SCI-GROW-A2-W07-P2. Record adult prompting separately.

Record any change, reason and coverage impact. Preserve the core task and hand over checked understanding.
