

Topics 2 and 3 assessment review map

LAUNCH • Science • 40 minutes

Organise the Topic 2 and 3 knowledge to be reviewed and plan how to show it in the supplied assessment.

Prepare before pupils arrive

Print the pupil pack and open Lesson.pptx. Keep the uploaded HTML available for its live controls. Prepare any approved atlas/source extracts, existing learner work, authorised local data or prior planner named in the source lesson.

Wait, receive and use the least prompt needed.

Keep adult action separate from pupil authorship.

Staff card: preserve the scientific demand; change access or response mode before demand.

Staff card: keep supplied observations separate from explanation and missing evidence.

Preparation guidance carrier.

Access guidance carrier.

Evidence guidance carrier.

A topic 2 and 3 assessment review map · entry map: The supplied Topic 2 and 3 headings define the review boundary; no new topic is added. Link that anchor only when this second detail is relevant: A review map distinguishes knowledge that can be retrieved independently from knowledge that needs a prompt. For this a Topic 2 and 3 assessment review map decision, use pointing, selecting, signing, speaking, typing or exact-word scribing; the learner still chooses the evidence, order, comparison or action. Staff supporting a Topic 2 and 3 assessment review map may steady the named materials and read the displayed source exactly. They do not upgrade the a Topic 2 and 3 assessment review map response, fill its missing result or convert its plan into completion. If access to a Topic 2 and 3 assessment review map stalls, pause, lower visual density or move to the printed route while keeping the same reasoning demand.

For review or assessment lessons, prepare the centre-approved questions, outcomes and existing learner records. Practice cards and a completed worksheet do not supply missing assessment evidence.

Access and participation

Offer reading aloud, pointing, signing, quiet thinking, a no-touch route and exact scribing where these support the learner. Keep the same subject decision. In shared work, let each learner commit before feedback; use a partner as card mover or checker, then swap. Avoid public speed rankings.

Uploaded outcome: Topics 2 to 3 assessment (Dec).

40-minute teaching sequence

Stage / total time	Teaching move	Adult support / response
Arrival · 3 min	The supplied Topic 2 and 3 headings define the review boundary; no new topic is added. A review map distinguishes knowledge that can be retrieved independently from knowledge that needs a prompt.	Wait, receive and use the least prompt needed. Keep adult action separate from pupil authorship.
Starter · 3 min	Picture first: Topics 2 and 3 plus the skills. Mark each idea honestly — the map is for you, not for a mark.	Wait, receive and use the least prompt needed. Keep adult action separate from pupil authorship.
I do · 4 min	Review map · secure, retrieve, or uncertain? Choose an idea, then how you would show it without a source in front of you.	Wait, receive and use the least prompt needed. Keep adult action separate from pupil authorship.
We do · 3 min	An approved response route can be written, selected, spoken, signed, pointed to or exactly scribed. A missing or uncertain item stays visible for the next authorised check instead of being guessed.	Wait, receive and use the least prompt needed. Keep adult action separate from pupil authorship.
I do 2 · 3 min	Available evidence The supplied Topic 2 and 3 headings define the review boundary; no new topic is added. Reasoning move A review map distinguishes knowledge that can be retrieved independently from knowledge that needs a prompt.	Wait, receive and use the least prompt needed. Keep adult action separate from pupil authorship.
We do 2 · 4 min	Supported Match approved question cards to headings, choose a response mode and complete one retrieval frame per heading. Standard Organise the full supplied review set, retrieve without the model first and justify the order in which sections will be attempted.	Wait, receive and use the least prompt needed. Keep adult action separate from pupil authorship.
Independent · 16 min	Build a Topic 2 and 3 review map from the approved headings and local question cards. For each heading, record one retrieval cue, one response route and one check that would show the idea securely.	Wait, receive and use the least prompt needed. Keep adult action separate from pupil authorship.

Stage / total time	Teaching move	Adult support / response
Exit · 4 min	Show one review heading, the retrieval response and its honest status. The adult names back exactly what is secure and what needs another check.	Wait, receive and use the least prompt needed. Keep adult action separate from pupil authorship.

The timing belongs to the whole stage. Several PowerPoint slides may share it; do not restart that time on every slide. Full source-stage text is in the PowerPoint speaker notes and original HTML.

Answers, evidence and feedback

This is an open evidence task. Judge accuracy against the supplied source or approved mark points, the evidence chosen, the explanation and the stated limit. A personal preference or self-rating has no single correct answer.

Record the teaching response

What the learner actually showed	Next teaching action
Secure explanation with evidence	Reduce content prompting; offer another example or a limitation.
Partly correct / mixed	Point to the deciding evidence and invite a revision.
Access barrier	Change the reading, sensory or response format; keep the subject decision.
Missing source or observation	Keep the gap visible. Name the source or authorised check needed.

Safety and evidence boundary

Use the centre's authorised practical or fieldwork method and local risk assessment. Supplied sample data, fictional place models, card feedback and rehearsals are teaching material. They are not the learner's practical observations or proof of a qualification outcome. For portfolio use, check the exact registered unit/version, accepted evidence and centre process.

Sources and companion notes

Primary classroom source: [SCI_L_A2_W7L1_Topics_2_3_Assessment_Introduce.html](#)

The uploaded lesson is included unchanged. Text and teaching steps in the PowerPoint are editable; source diagrams are placed images. Word booklets are editable. Static PDFs cannot reproduce HTML controls; use the paper cards/tables or open the original HTML.

Verification scope: matched to the uploaded title, pathway, objective, stage sequence and 40-minute timing. Embedded workbook references are retained as source locators; this is not a new line-by-line audit of every scheme-of-work row or a centre assessment sign-off.
