

PUPIL WORKSHEET

Compare and revise model plates

Autumn 1 · Week 6 · Lesson B

Name: _____ Date: _____

Compare two fictional food-card models, replace a protein source and justify the group relationship while stating model limits.

Use this sheet with the lesson. You may point, sign, speak, draw, write, dictate or direct an adult. Keep your first idea so you can show what changed.

1. Compare the cases

Use the five-group reference from Monday. The cases are fictional.

Broad group	Case A	Case B
Starchy foods	Rice	Bread
Protein-source foods	Chicken	Beans
Fruit and vegetables	Carrot	Apple
Dairy and alternatives	Milk	Fortified soya alternative
Oils and spreads	Not shown by these cards	Not shown by these cards

2. Make and justify a swap

Write, draw, point or dictate as agreed with your teacher.

Make case A meat-free with a different protein-source card. You may direct an adult.

- The food I replace: ____.
- The replacement: ____.
- Both fit the broad ____ group.
- My evidence: ____.
- A second possible replacement: ____.

3. What can this model show?

Write, draw, point or dictate as agreed with your teacher.

Check the five-group reference and consider the full day/week.

- A group not shown by the eight cards: ____.
- One thing the model shows well: ____.
- One thing it cannot tell us: ____.
- A food from a group could be eaten at another time: explain ____.

4. Improve the explanation

Write, draw, point or dictate as agreed with your teacher.

Keep first/revised models. Choose one exit question to explain, draw or point.

- My first explanation: ____.
- My clearer explanation: ____.
- Supported: name a protein-source food.
- Standard: explain chicken → beans.
- Stretch: why is one plate an incomplete picture?

Choose a response route

Agree one route with your teacher; you do not need every route.

Supported

Use adult-read labels to compare cases and direct one swap.

Standard

Name group similarities and explain one meat-free protein swap.

Stretch

Compare alternative swaps and explain the missing-group/time/portion limits.

Next: the current Week 7 lesson.
