Practical jobs and recording

Pink supported edition

Horticulture: soil, seeds & planting.

Prepare

Choose a job. Use the checked materials.
Cover cuts and use suitable gloves.

Fill

Add medium to the draining tray.
Keep the surface even.

Sow

Use the blunt guide.
Seeds go 2.5 cm deep and 2.5 cm apart.
Count the seeds sown.

Cover and water

Cover gently. Water as the adult shows.
Let extra water drain. No pooled water.

Label and record

Add crop type, sowing date and tray code.
Make the first log entry.

Finish

The adult places the tray safely.
Return tools. Clear spills.
Wash hands with soap and water.

No tasting or eating.
You may ask for a quiet pause.
