Maintenance checks and group rota

Pink supported edition

Maintaining a growing area.

Check our area

Choose a job with the adult.
Look at the real tray or approved area.
Keep roots and routes safe.

What needs checking

Unwanted plants
Moisture and drainage
Pests or damage
Paths and edges
Labels and tools

Look and report anything unknown.
No water needed or no action needed can be right.

Maintenance checks and group rota continued

Pink supported edition

Our group rota

Choose together. Use role codes, not names.
Use your book or ask the adult to scribe.

Job to check	When	Role code	Agreed response
Unwanted plants	____	____	____
Moisture	____	____	____
Pests and damage	____	____	____
Paths and edges	____	____	____
Labels and tools	____	____	____

Adult daily backup ____
Cover if someone is absent ____

Maintenance checks and group rota continued

Pink supported edition

Agree our plan

Read the roles and checks back.
Say agreed, ask for a change or pass.
One decision still needed ____

Safe before starting

The adult checked the area and task.
Tools and footwear are suitable.
Cuts are covered. Gloves are ready.
Crop roots and routes are protected.
Stop and report anything unknown.

Finish safely

Return tools and clear spills.
Wash hands with soap and water.

My one line

I helped agree a routine for ____ by ____.

Use your book or tell the adult what to scribe.

A careful decision

Check before watering.
Ask before removing a plant.
Look and report pests or damage.
Leave unsafe waste for the adult.

You may observe, label or record.
Park tools and tell the adult before a quiet pause.
