Choose and show a strategy

Show a coping strategy in a real situation.

Use the made-up stories in class. For real help, ask a trusted adult in private. You can stop, pass or ask for help.

Your try

Pick a safe step you know. Show the steps in your usual safe way. You can use your card and aids. An adult can help. They will note the help they give. No one has to feel upset to try.

A model

The story pupil picks small hand move. They open softly, close softly and rest. A card choice on its own does not show the move.

Show and own check

Words: try, stop, help, sure

Start: They showed ... . My check is ... .

Model: They showed a hand move. The help tick is their own choice.

Your own check

Did it help? Yes · A bit · No · Not sure. All four are fine. The choice is yours. You can point or ask for a scribe. No one can fill it from a guess.

A card to keep

Use My strategy that works if you wish. You do not have to fill it or show it to the group. Its title does not mean a step must work each time. No real worry or name goes on it.

Your next step

Keep your first try. Use one next step. Reply in the same colour, on the same page or usual mode. You can stop, pass, watch or come back with help.

Six outcome check

Staff page. Use work codes, not names. Start with all boxes blank. Tick one state for each row only when the work supports it. Add date, context, what was seen, aids, cues and source. Do not fill all six from one try.

Wk	Exact outcome	Tick one	Comment and work code
1	Recognise that change can feel hard (Children's MH Week).	Shown [ ] With help [ ] Not seen [ ]	
2	Name a big feeling and a way to manage it.	Shown [ ] With help [ ] Not seen [ ]	
3	Use a calming strategy independently.	Shown [ ] With help [ ] Not seen [ ]	
4	Talk about a worry with a trusted adult (Time to Talk).	Shown [ ] With help [ ] Not seen [ ]	
5	Identify who helps me through change.	Shown [ ] With help [ ] Not seen [ ]	
6	Show a coping strategy in a real situation.	Shown [ ] With help [ ] Not seen [ ]	

Week 3: keep normal aids. To tick its own-use aim, see a calm step used with no adult next-step cues. If only helped use was seen, mark this aim Not seen and note the helped progress.

Week 6: a planned story try is not proof of real use. Mark the real-use aim Not seen unless a safe real event or dated prior work shows it. Note the date, context, acts and help. Do not cause upset to get proof.

A pass is not failure. No real worries, private card details or names here. Keep real concerns in the school’s own safe record.

TA circuit work note

Use a work code, not a name. Context: S planned story try; N safe real event that came up; P dated prior work. Log what was seen, not what was hoped. The class try is S unless a real event is clear.
