

An accurate Earth Day campaign

Knowledge organiser | LAUNCH Humanities

Create a digital sustainability campaign linked to Earth Day.

Words to use

Word	Meaning
audience	The people a message is intended for
claim	A statement that needs support
evidence	Information used to support a claim
campaign	A planned message asking for a stated action

Method to remember

Read the two AUTHORED weak drafts.

Replace overclaims with a bounded, evidenced message.

Name the audience and feasible action.

Check accuracy and keep the product in the classroom.

My explanation

I choose _____. Evidence from _____ shows _____. This matters because _____. A limit is _____.

Remember

Earth Day is 22 April (EARTHDAY.ORG). Keep the product in the classroom. A proposed paper trial is not a measured carbon saving.
