A work story in order

All stories are made up. Use story C on Card 3. Use your book, an aid or Type instead. An adult can read or write your words.

Two ways to start
Choice 1: use all four cards. Choice 2: choose from two cards at a time with an adult. Both use the same story.

Show your thinking
1. Put the card letters in order. 2. Point to the change. 3. Point to where the person learned a new skill. 4. Choose one way to cope with change.

Words and starts
first · next · then · last · learn · help

“First ... . Next ... . Then ... . Last ... .”

“The change is ... . They learn to ... .”

“They could ask ... .”

Model from A
J K L M. The job ends at K. At L they learn to tend plants. They could ask for help. A new job does not mean they failed.

One coping step
Ask for help. Make one small plan. Or agree a pause, then plan a step. Choose one that may help the story person.

Private help
Point to HELP or ask a trusted adult for a private talk. You may pass or pause. No personal story is needed.
