My options grid

Use the made-up examples. Work in your book, with an aid, or use Type instead. An adult can read or write your words.

Two ways to start
Choice 1: use all three option cards. Choice 2: choose from two labels, one row at a time. Both make the same grid.

Show three options
Make three rows. In each row, name one group from Card 1. Say it, point to it or use your aid. Check that all three groups are there.

Use two examples
Read B and E on Card 3. Match each to a group. Is the card learn, earn or both? Use the words on the card as your clue.

Our model
A is group 1: college/sixth form. A takes a course at a college. A is learn; this card has no paid job.

Words and starts
learn · earn · both · course · job · help

“One group is ... .” “This card fits ... because ... .”

Private choice check
You may pick one group to find out more about. You may say not sure, pass, or choose for a made-up person. This is not a final choice. No reason is needed.

Help in private
Point to HELP or ask a trusted adult for a private talk. You may pass or pause. Keep private worries out of your work.
