Theme: Resilience & Change. Formative. Six weeks; Week 6 assessing.

Focus
Apprenticeships — earn and learn

Weekly outcome
Students understand the basic features of an apprenticeship.

Exact lesson outcome
I can explain that an apprenticeship combines paid work with training and identify one thing I would need to apply.

Forty minutes
5 arrival/retrieval + 8 I Do + 10 We Do + 12 You Do + 5 review/exit. Teach earn and learn, model A, label pay/training/employer/entry need, check myths. Choose B woodwork or C food making and make a fact card, linked to that sector.

Choice and access
Two profiles with the same checks. Pictures, short fields, model, words and frames. Two labels at a time if needed. Book, pointing, typing, aid or exact scribe. No public questioning or personal grades. Trusted adult/help route, pass and supported pause/return.

Assessment evidence
Apprenticeship fact card.

Record paid-work-plus-training explanation and one need to apply from the chosen profile separately. Keep access, prompts, first response, one NS and reply. Add actual work to Careers Portfolio; offer to Communication portfolio.

Where this leads
This helps me understand an apprenticeship and ask what I need before I apply.
