My route map

Use your book or the blank typed page. Pick stockroom work or garden work. You may use your own job goal with an adult. No names.

Two routes to one job
Write the job you aim for. Plan A is your first route. Plan B is a different backup route to that same job. Use the cards and the work you kept.

One next action
Write one thing you can do next. Who can help? When will you check it? You may ask an adult to help check an entry need. Keep unknown facts as questions.

A clue from earlier work
Use one clue from your story, options grid, paid-work-and-training card, skills check or talk record. Show the work to an adult. If work is missing, say so. A practice card can help you try again.

Private check
Show Plan A, Plan B and your action to an adult. Keep your first try. Make one change after feedback and show your reply. A backup is a useful way to cope with change.

Help in private
Ask a trusted adult or use the school’s help route. You may point to HELP, pass, pause and return. Keep private details out of this map.

3 I can explain that an apprenticeship combines paid work with training and identify one thing I would need to apply.	[ ] Shown [ ] Partly [ ] Not yet seen	

Evidence to look for

Weeks 1–3: career story and coping note; three-options grid; paid-work-and-training fact card.

Shown: evidence covers the outcome with access recorded. Partly: some parts shown. Not yet seen: missing, pending, pass or not shown yet; say which. Never count an adult model as the learner’s independent work.

A practice talk does not prove a real visit. No total score or grade for a preference. Add one next step and a check time where needed.
