TA brief

For EVERY task, pupils may point, speak, sign, use symbols, draw or write. Read prompts aloud and retain geographical command words. Allow thinking time and a private response. No cold calling. Any pupil may pass. An adult may record the pupil's own gesture, directed placement or exact words. A pass needs no book entry. No board copying or typing is needed.

Use one Arrival tier and one Exit tier. Each Arrival tier has four short questions and each Exit tier three brief checks. Keep Answer (adult) lines out of pupil view until pupils respond. Pupils complete one You do route; the four separate route pages are alternatives.

Prepare the complete invented practice map and its key from the specification below. No external map, hidden asset or prior lesson is needed. All locations and measurements are practice data. This is an indoor map-skills lesson; no journey or fieldwork is required.

Adult-only EHCP note: Outcome opportunities are cognition and learning (sequence eastings then northings and check a reference), communication and interaction (justify a map answer), SEMH (request help or use a planned pause), and sensory or physical access (use an enlarged grid or direct another person to a point). Observe only the pupil's relevant agreed target. Regulation strategy: mask all but the current square, take an agreed short eyes-away pause, then rejoin at 'find the left grid line'.

Same-day evidence — HUM-LAUNCH-A2-W01: The assigned adult records the pupil's exact response, response mode and actual prompt used, and uploads one chosen book item, optional photo or brief observation to the evidence app the same day, labelled HUM-LAUNCH-A2-W01. Include a relevant agreed outcome observation where appropriate. A photo alone does not establish understanding.

1. Prepare the complete invented 1 km grid, key and exact feature dots. Keep answer coordinates off the pupil map. Do not use a real person's or school's name.

2. Keep exam command words and explain the task briefly. Offer point, speak, sign, symbols, draw or write; any pupil may pass. No cold calling.

3. Use one Arrival tier, one Exit tier and one You do route. Keep adult answers hidden until the pupil responds. Separate reading access from content prompts.

4. In We do, every pupil decides privately before the shared trace. Check left/bottom grid lines, easting-first order and the distinction between a square and a feature dot.

5. Keep review within the final two minutes of You do. Record exact support and one map clue; upload the evidence to the evidence app the same day, labelled HUM-LAUNCH-A2-W01, linked only to a relevant agreed EHCP outcome.

Arrival · 5 minutes

Adult note: Show the map, key and context card. Read prompts aloud. Use one tier, with a short response to each item. Note any support; the map, key and context card are supplied clues, not a test of prior learning.

Starter · 3 minutes

Adult note: Every pupil decides privately before an answer is shared; any pupil can pass.

I do · 6 minutes

Adult note: Use the library for the four-figure model. Spend about four minutes on the key/order/square and two on the six-figure extension. Trace the actual grid lines; do not count feature labels as lines. Give oral or symbol access throughout.

We do · 8 minutes

Adult note: Two minutes for the guided example, four for the checks, two to explain or amend one choice. Each pupil has digit cards, a private sketch or a chosen response mode. Everyone decides before any peer reveal. A volunteer or adult traces the shared map after individual choices. No cold calling; pupils may pass.

TA brief

You do · 15 minutes

Adult note: Allow two minutes for route/setup, eleven minutes for responses and the final two for a check. All routes keep the map and key available. Record I, S or C for actual independence, support or choice; Aspire is not automatic I. Give one precise success and one next step against the success criteria, and name the improvement. Pupils trace the deciding lines or improve one written explanation in the same colour, on the same page or usual mode, marking the self-edit [//]. Where a written explanation is improved, photograph it before and after. No separate review stage is added.

Staff: mark I, S or C beside the route answers (Independent, Supported or Choice).

Exit ticket · 3 minutes

Adult note: Choose one tier. Offer three brief oral, pointed or other-mode checks; a pupil may pass. The practice map remains visible. Record one response rather than requiring three written paragraphs.

TA brief · feedback and prompt ladder

Prompt ladder for adults

1. Point to the relevant place / instruction.
2. Ask one short question: "What is it asking you to find?"
3. Rephrase the instruction in simpler language.
4. Provide a scaffold or limited choice.
5. Model the first step only, then return the task to the pupil.

No cold calling; nobody is asked to read difficult text aloud.

Space: allow quiet thinking and a private response.

Feedback [VF] [NS]: give one precise success and one next step against the criteria.

Voice [//] [I]: retain the pupil's own source-based choice, account or edit.

Audience: read against the criteria and name the change; mark [R] only after the response has been received. An account may be received later.

Influence [NS]: use the response to select the next enquiry scaffold.

Use [WS] for supported work and [I] for independent work. Use [?] to invite a read-back and [//] for a self-edit.

Evidence [E] · HUM-LAUNCH-A2-W01: the assigned adult uploads the selected book item, artwork photo with its observation, or exact response to the evidence app the same day, labelled HUM-LAUNCH-A2-W01. Capture is not closure; a photo alone does not establish understanding.

Staff: mark I, S or C beside the You do response for actual independence, support or choice.
