What makes an ethical response to wrongdoing justifiable?

Today I can… □ defend a proportionate decision with case evidence and a source reason, then improve it against the criteria.

Feedback: □ VF □ WS □ I □ NS □ E □ R □ [//] □ [?] _____

RE learns about ethics and worldviews; this activity is not worship. Reflection is optional and never worship.

Key answers and adult prompt ladder

Arrival key answers. Supported: 1. Relevant case evidence, an explained reason and a counterargument or limit.; 2. A reason that challenges a position.; 3. A stated relevant condition and an explanation of how it affects the judgement.; 4. A clear point, relevant case evidence and an explanation of the response's purpose. Standard: 1. The same small print could not be read by one visitor, while larger print preserved the information and was available.; 2. It supplied relevant evidence and explained why the claim was weakened; an insult gave no testable link.; 3. It ignored the stated access barrier and the available equivalent format, so sameness did not ensure fair access.; 4. Show how it addresses the evidenced action and harm, why its severity is proportionate and how it is reviewed. Stretch: 1. It kept consistent, predictable criteria but allowed justified access adjustments instead of asserting that every person needs identical format.; 2. Fair evaluation recognises its genuine predictability/anti-favouritism reason rather than defeating a distorted weak version.; 3. A relevant verified constraint on resources or whether a format preserves the information could alter the balance; a hypothetical must not be asserted as true.; 4. Its relevant facts, principle/source reason, effects and counterargument; distinguish known facts from hypothetical conditions and respect personal boundaries.
Exit Ticket key answers. Supported: 1. Careless damage, reporting, offered replacement, available temporary review or refusal of a meeting are relevant facts.; 2. Credit a proportionate response linked to a case fact, such as replacement and a reviewed temporary pause, while respecting the no-meeting choice. Standard: 1. A permanent ban is unexplained despite reporting, repair and a review option; severity needs a purpose and evidence.; 2. For example, use repair and a reviewed tools pause because damage and safe-use need addressing; hear the affected member separately and do not require a meeting. Stretch: 1. Weigh damage/accountability against reporting, offered repair and the review option. The permanent ban lacks a stated reason linking severity to purpose.; 2. Credit a qualified reviewed response preserving repair and fair boundaries; refusal of a meeting does not erase accountability or justify compelled apology/forgiveness.

Prompt ladder for adults. 1. Point to the relevant place / instruction. 2. Ask one short question: "What is it asking you to find?" 3. Rephrase the instruction in simpler language. 4. Provide a scaffold or limited choice. 5. Model the first step only, then return the task to the pupil.
