Drugs alcohol and healthy choices

Monday 23–Friday 27 November 2026 · one 40-minute lesson

Teaching date: _____ Teacher: _____

Exact scheme cells

LAUNCH Weekly - Autumn!C182
Drugs, alcohol & healthy choices.

LAUNCH - Autumn!D27
Adult life: money, work, safety & citizenship

LAUNCH - Autumn!I27
PSHE Association (KS4/post-16 PoS); ACT Citizenship; [AWARD] [QUAL] '[QUAL]'.

LAUNCH - Autumn!J27
F: scenarios & tasks. S: adult life & responsibilities task (Dec).

The source assessment is retained. This lesson contributes evidence; it does not by itself complete an award. Public award labels are masked only.

Purpose and success checks

How can facts help us make safer choices?

I can explain a drug or alcohol risk. I can use a fact to choose a safer action. I can practise a refusal and a help route.

LAUNCH-PSHE-W4-E1: An individual fact-to-risk explanation, a safer choice for a substance-related fictional case, and a refusal/help request with an appropriate support route.

Before pupils arrive

Read the staff facts and local substance/medicines and safeguarding policies. Print cards and evidence forms. Identify a private support route and who can answer a medicine query. No substances, empty alcohol containers, real medicine packs or tasting/handling props are needed.

Offer processing time, a quiet start and the usual communication support. Capture each learner’s own work. Read the Staff Answers before teaching.

Calendar and continuity

Monday 23–Friday 27 November 2026. One lesson per week on this line. No day or clock slot is inferred; staff enter the actual date above. Use prior vocabulary and the established private-help routine.

Forty minute sequence

Slide	Min	Action
1	0	Open title and big question before timing.
2	4	Private check-in, quiet start and support choice.
3	2	Read the diagram; hear one clue or question.
4	0	Read the exact objective and success checks.
5	5	Model the six lines; explain the reason for each.
6	5	Ask for a hinge answer and reason; reteach if needed.
7	12	Use the six cards and the Supported/Independent/Aspire routes.
8	6	Complete the individual two-page evidence record.
9	4	Check ownership, support, response and next step.
10	2	Take a short quiet exit response.
11	0	Use the vocabulary mat throughout.
12	0	Hidden reference for adults.

Hinge and reteach

C. Appearance and a friend’s reassurance do not establish what a tablet contains or whether it is safe. Do not taste, smell or handle unknown substances. If something harmful may already have been taken, seek urgent medical help; do not wait for this classroom routine. Reteach with an unlabelled container, without a real prop.

Access and practice

Supported: work through cases A and B. Independent: explain all six choices. Aspire: challenge a claim using a fact.

Teach the six model facts, then read A–F. Pupils match a fact, risk and action. Rehearse a neutral refusal or question with the adult; nobody pressures a peer. Explain the emergency response plainly without a physical demonstration.

Begin evidence during practice and finish during capture. Accept speech, pointing, drawing, writing or usual AAC. Scribe exact words without supplying the assessed reason. No forced pair work or public performance.

Safe teaching evidence and learner voice

Boundaries

Use third-person cases. Do not ask about pupil or family substance use, medication or diagnoses. No scare images, intoxication role-play, use instructions, doses, procurement or real drug handling. Do not change prescribed treatment. For a live suspected poisoning or emergency, stop the lesson routine and follow emergency procedures.

Assessment and feedback

Accept: medicines used as directed can help; unknown tablets cannot be identified by appearance; alcohol can affect judgement/balance; mixing can increase harm. Link the fact to a choice, not a moral judgement. A clear refusal, moving to support or a pharmacist query is valid. Unconsciousness/serious breathing problems need 999; suspected harmful poisoning needs urgent emergency help.

Retain actual work, response mode and support. Use VF · WS · I · NS+ · // (self-edit) · ? (read back) · R (responded) · E (evidence in the school's evidence record). R requires Voice, Audience, an NS+ prompt and the learner’s response in the same colour, on the same page or usual mode. Record E only after evidence is banked. Blank forms and adult models are not completed learner evidence.

Lundy moments

Space: calm, accessible participation. Voice: a choice, reason or help request. Audience: the adult listens or reads and replies. Influence: record the support or next-step change made in response.

Speaking listening and writing

Explain a claim using a fact, state a boundary, listen to advice and ask a clear support question. The receiving teacher maps authentic responses to their own portfolio; no communication criteria are assigned here.

Reflection and provenance
