

Log on and complete a real task

Autumn 1 · Lesson 1 · How do I complete a useful digital task and check it is saved?

Name (optional): _____ Date: _____

Show your ideas by writing, drawing, pointing or speaking. An adult can record your words.

1 · Choose a useful tool

The fictional club helper needs three written steps. Choose a tool and explain why.

- Choices: word processor · presentation software · spreadsheet.
- A useful plan should tell the helper: first ____; next ____; finally ____.

2 · Complete the real digital task

Open GROW_W1_Session_Plan_Starter.docx. Replace its three placeholder lines with the complete plan below, then save a copy in the approved working folder.

- First: read the task card.
 - Next: draw two design ideas.
 - Finally: choose one idea and explain the choice.
 - Output: GROW_W1_Club_Plan_v1.docx, or the same base name in the teacher-approved native format.
-

My learning record

Lesson 1 · Continue your thinking

3 · Reopen and check

Reopen the saved copy. Read the final instruction and record what you checked. Use the fictional issue if no problem occurred.

- The line I found was: _____. One check I made: _____.
- Fictional issue: the document window seems to have disappeared but the app is still open. What could you safely check?
- My next practice step: _____. Do not write usernames, passwords or account paths.

Useful words

software: A program used to carry out a task. / word processor: Software for creating and editing written documents. / save: Store a file's changes in a chosen location. / reopen: Open a saved file again to check it.

Exit check

Why reopen a saved file before calling the task complete?

My next step

One thing I can practise or improve:

Adult record: response method _____ support _____ evidence _____

Format a notice for its reader

Autumn 1 · Lesson 2 · How can layout and careful checking make a notice easier to use?

Name (optional): _____ Date: _____

Show your ideas by writing, drawing, pointing or speaking. An adult can record your words.

1 · Read like the audience

The starter notice is tiny and crowded. Identify a problem and a purposeful change.

- The reader needs the club name, fictional time/place, choices, what to bring and support option.
- Problem: _____. Change: _____. This helps because _____.

2 · Edit the notice

Open GROW_W2_Notice_Messy.docx. Save a copy, then use the complete resource text to improve it.

- Add “Makers Club pop-up” as a heading. Use readable body text and left-aligned paragraphs.
 - Bold drawing, model making and planning. Keep Thursday, 15:15 and library accurate.
 - Correct “librery” and the sentence containing “meat”.
 - Save as GROW_W2_Club_Notice_v1.docx, or the approved native format.
-

My learning record

Lesson 2 · Continue your thinking

3 · Check and explain

Reopen the saved copy. Check both the appearance and meaning.

- One formatting change that helps the reader: ____.
- “The group will meet near the library desk.” Correct both errors: ____.
- Why might spellcheck miss one of these? ____.
- I reopened and checked: ____.

Useful words

formatting: Changing how text is presented. / heading: A short label showing what a section is about. / alignment: How text is positioned across a line. / proofread: Read carefully to check meaning and mistakes.

Exit check

Why should we read the sentence even after using spellcheck?

My next step

One thing I can practise or improve:

Adult record: response method _____ support _____ evidence _____

Save, organise and find your files

Autumn 1 · Lesson 3 · How can a file name and location help me find the right version?

Name (optional): _____ Date: _____

Show your ideas by writing, drawing, pointing or speaking. An adult can record your words.

1 · Plan names and folders

Use the supplied file contents to choose meaningful names. Work only inside the practice copy.

- Document1.txt = club session plan → ICT / Club_Plan_v1.txt.
- notes.txt = garden design notes → Design / Garden_Notes_v1.txt.
- Untitled2.txt = club facts → ICT / Club_Facts_v1.txt.
- Why does one new name help? ____.

2 · Organise and version the copies

In your writable GROW_W3_File_Practice copy, create ICT and Design folders. Copy the three Inbox files into their planned locations and rename the copies.

- Keep the Inbox originals for recovery.
 - Create ICT / Club_Plan_v2.txt as a new copy of v1.
 - Add only to v2: “Check: explain why the chosen design could work.” Save it.
 - Compare v1 and v2. Which has the new line? ____.
-

My learning record

Lesson 3 · Continue your thinking

3 · Find and verify

Close saved files, then retrieve the intended v2 copy without a race.

- My route: browse folders / search name / recent file followed by checks.
- The name and final line I checked: ____.
- The approved storage is on this device / school network / managed cloud / I need to ask.
- Why might the first Recent result be the wrong copy? ____.

Useful words

file: A saved piece of digital work. / folder: A container used to organise files. / version: A particular saved stage of a file. / location: Where a file is stored.

Exit check

What three things help confirm you found the intended file?

My next step

One thing I can practise or improve:

Adult record: response method _____ support _____ evidence _____

Build slides that help an audience

Autumn 1 · Lesson 4 · How can a short deck show useful information clearly?

Name (optional): _____ Date: _____

Show your ideas by writing, drawing, pointing or speaking. An adult can record your words.

1 · Plan the four-slide story

Use the complete source cards. Give each slide a clear title and purpose.

- 1: Makers Club introduction. 2: Activities to try.
- 3: Ways to join in. 4: Fictional club choices.
- My final chart takeaway will be: ____.

2 · Build and insert the visual

Open GROW_W4_Mini_Deck_Starter.pptx. Replace the prompts with the supplied facts.

- Create four complete slides and keep text readable.
 - Insert assets/GROW_Club_Votes_Chart.png on the final slide; preserve its proportions.
 - Add “Fictional Makers Club votes” and a correct takeaway.
 - Save as GROW_W4_Makers_Club_v1.pptx, or the approved native format.
-

My learning record

Lesson 4 · Continue your thinking

3 · Check and improve

Reopen and preview the saved deck. Choose a private adult, optional partner or written review route.

- Check: slide order, readability, image proportions, fictional-data label and accurate takeaway.
- One improvement I made: _____. It helps because _____.
- Feedback option: "The chart labels are small; enlarge it and shorten the caption."

Useful words

audience: The people who will use or view the information. / layout: The arrangement of text and visuals. / proportion: The relationship between an image's width and height. / caption: A short explanation placed with a visual.

Exit check

Why should an image have a purpose in a slide deck?

My next step

One thing I can practise or improve:

Adult record: response method _____ support _____ evidence _____

Enter, check and explain simple data

Autumn 1 · Lesson 5 · How can a spreadsheet help us answer a question accurately?

Name (optional): _____ Date: _____

Show your ideas by writing, drawing, pointing or speaking. An adult can record your words.

1 · Enter and check the source data

Open GROW_W5_Data_Entry_Starter.xlsx. Enter the headings and the complete fictional dataset.

- A1 Activity; B1 Votes.
- A2 Drawing; B2 7. A3 Model making; B3 9.
- A4 Coding; B4 3. A5 Gardening; B5 5.
- Read each label/count pair back and compare with the source.

2 · Total, sort and chart

Use the complete data table, keeping labels and counts together.

- A7: Total. B7: =SUM(B2:B5). Expected result: 24.
 - Sort A1:B5 by Votes descending, keeping the heading row and each label/value pair together.
 - Chart A1:B5 only. Title: Fictional Makers Club choices. Show Activity and Votes labels, with a zero starting point.
 - Save/reopen GROW_W5_Club_Votes_v1.xlsx or the approved native workbook format.
-

My learning record

Lesson 5 · Continue your thinking

3 · Interpret and challenge a claim

Use the checked table/chart. You can point to the evidence instead of writing long answers.

- Highest count and activity: _____. Next highest: _____. Difference: _____.
- Is 9 of 24 a majority? Explain: _____.
- A table swaps Drawing 7 and Model making 9 but still totals 24. Is it accurate? _____.

Useful words

cell: A box in a spreadsheet, identified by column and row. / range: A group of cells, such as B2:B5. / formula: An instruction that calculates a result. / category: A named group used to organise data.

Exit check

Why should we check each row even when the total is right?

My next step

One thing I can practise or improve:

Adult record: response method _____ support _____ evidence _____

Online risks and a safer digital footprint

Autumn 1 · Lesson 6 · How can a person reduce what they reveal and get help with a risky message?

Name (optional): _____ Date: _____

Show your ideas by writing, drawing, pointing or speaking. An adult can record your words.

1 · Recognise the risk and clue

Read the fictional cards. Identify a concern and one useful next step.

- A: “Free device! Send your password now.”
- B: A certificate image shows a full name and school.
- C: A group piles on one person with hurtful messages.

2 · Edit River’s practice profile

Open GROW_W6_Fictional_Profile_Starter.docx. Make a safer offline copy; never fill the brackets with real information.

- Keep River’s fictional display name and general interest. Remove school and live-location fields.
 - Replace the certificate-photo line with a general non-identifying text description.
 - Correct the claim that a private account prevents all copying.
 - Replace the plan to send a password with a safe adult-help response. Save/reopen GROW_W6_River_Profile_Safer_v1.docx.
-

My learning record

Lesson 6 · Continue your thinking

3 · Explain a limit and get support

Use River's fictional situation, not a personal online history.

- Improve: "If I delete something, nobody can ever see a copy again."
- River's first adult is unavailable. A pastoral adult and the school safeguarding lead are available. What can River do?
- One practical edit I made and why it matters: ____.

Useful words

digital footprint: Information connected with someone's online activity, including material others add. / personal information: Details that identify someone or reveal information about them. / phishing: A deceptive message intended to obtain information or make someone take a risky action. / privacy setting: A control that can limit access to information, with limits.

Exit check

Why is a private account not a promise that content cannot spread?

My next step

One thing I can practise or improve:

Adult record: response method _____ support _____ evidence _____

A digital identity project with safe choices

Autumn 1 · Lesson 7 · Can I combine digital skills in a useful, checked and privacy-aware project?

Name (optional): _____ Date: _____

Show your ideas by writing, drawing, pointing or speaking. An adult can record your words.

1 · Plan the project from safe source material

Choose the document or presentation starter and plan its five sections using fictional River.

- 1: Safe introduction - River; classroom simulation. 2: Interests - drawing and model making.
- 3: Digital skills - two actual editing/checking actions, described honestly.
- 4: Data - checked club chart, fictional-data caption and numerical comparison.
- 5: Safer choices - password/prize response and one realistic privacy/deletion limit.

2 · Build the digital project

Open the chosen GROW_W7_Digital_Identity_Starter file. Complete all five sections and demonstrate the practical actions.

- Make at least one purposeful formatting change that improves readability.
- Insert your checked Week 5 chart or assets/GROW_Club_Votes_Chart.png; resize proportionally and add a factual caption.
- State one accurate comparison using 7, 9, 3, 5 and label the data fictional.
- Explain a safe response to the password/prize message plus a realistic privacy/deletion limit.
- Save as GROW_W7_River_Digital_Identity_v1.docx/.pptx, or the approved native equivalent.

My learning record

Lesson 7 · Continue your thinking

3 · Reopen, improve and explain

Reopen the saved project. Use the six review headings to check your evidence. A private adult review is enough.

- Content · formatting · chart placement · data reasoning · safer choices · file/review habits.
- One useful change I made after review: _____. It helps because _____.
- Chart source: my checked Week 5 chart / supplied pack chart.
- Next digital skill to practise: _____. Support needed: _____.

Useful words

digital identity: Information and presentation connected with a person online. / evidence: Something that demonstrates an action or supports a claim. / review: Check work and decide what should change. / source: Where information or a visual comes from.

Exit check

How can the project demonstrate progress without claiming every skill was independent?

My next step

One thing I can practise or improve:

Adult record: response method _____ support _____ evidence _____
