Teacher and Cover Plan

I can finish, look back at and share my part of the group piece.

At check-out, record E for finishing, looking back at and sharing a group piece against the pupil's target.

Regulation: check the colour-and-word card at Arrival and after You do.

You may point, show art, hold a cue card, or tell an adult where to place it. Share with one adult in private if you wish.

Use paper, card, pencils, layered art pieces and the four cue cards. Keep sound low and leave space to pass.

Practice evidence only. No completion decision, encounter, public event or completed response is pre-filled.

Invite a response. Allow thinking time. The pupil may pass.

I do staff script

Ask the question

Watch the model: use the Lesson 1 plan to set up your part.

Bring back the Lesson 1 book plans. Model setting up the start and stop cues and holding up the layered art piece in order.

Find the evidence

Finish the order: start, play, show art, stop.

Run through all four boxes smoothly. Point to the art page and stop sign so the listener can follow each part.

Explain the link

Ask what the listener saw. Use one tip to change one part.

Invite one short tip from the listener. Model moving the art page or cue card so it is easier to see.

Check what we know

Share the part again and check if the change helped.

Repeat the short share once after the change. Ask the listener to point to what is clearer now.

We do staff script

Use the Lesson 1 plans to set out the four cues as a group.

Share the short part together: start, play, show art, stop.

Ask a listener what they saw and take one tip.

Try the tip and check the share again.

Bring the Lesson 1 book plans into view and let pupils set out the cues.

Run a brief group share. Include one near-miss where the art page is held too low, then invite a tip.

Model acting on the tip and checking the result with the listener.

We do decision checkpoint

The listener could not see the art page. What could help?

A · Hold or place the art page where all can see it.

B · Hide the stop sign.

A. Lifting or moving the art page makes the share clear for the listener.

If pupils choose A and show a clear view, release the main finish, look back and share task. If they choose B, model lifting the art page once and use the parallel check.

Two cues are too close to read. What one move could help?

Leave a clear gap between the two cue cards and check again.

Review and improve

Share your part with a partner or one adult. You may pass.

Use one next step about a cue, gap or art page.

Change one part. Check it again and show how it helps.

Optional: show or tell an adult what you changed after feedback. You may use your usual response mode or pass.

Mark R only after the pupil has responded to the next step and an adult has received and reflected the response.

Adult ticks the improved work.

Pupil voice

What helped you most today, or what would you change next time?

Point, speak, sign, draw, write or choose. You may pass.

Next week · Build and print an edition

Staff print card

At check-out, record E for finishing, looking back at and sharing a group piece against the pupil's target.

Regulation: check the colour-and-word card at Arrival and after You do.

VF · WS · I · NS + … · E · R · // · ?

Soft instrumental music for transitions if the class plan says so. Sound off by default.

Planning and evaluation

For absence or access, use the first worked card in I do or We do. If behind, keep one model cue, the checkpoint and one book response.

Cognition and learning

Keep a model and a two-choice start in view. Fade one cue when the pupil shows the next step.

Communication and interaction

Allow thinking time. Use a visual choice and a brief stem. Accept all listed modes or a pass.

SEMH

Offer a calm start and a private response. Keep quiet sharing equal in value.

Sensory and physical

You may point, show art, hold a cue card, or tell an adult where to place it. Share with one adult in private if you wish.

EAL

Plan in any language. Show the term with a picture and action.

Staff evaluation

Record one actual response, a useful adaptation and the next teaching action.

Individual target opportunities

Use the current target in private. Record the actual response and support.

Adult deployment and responsive feedback

Point to the place or instruction. Ask one short question. Rephrase the instruction. Give a scaffold or a choice. Model the first step only, then return the task.

First lesson back and return to learning

Read once only. Welcome pupils and check the last work in private. Offer the first model cue, then rejoin the chosen route.

Topic guidance

Use these cue cards and layered art pieces to finish, look back and share. Keep quiet and private sharing equal in value.
