TA Brief

I can finish, look back at and share our group piece using listener feedback.

At check-out, record E for finishing, looking back at and sharing a group piece using feedback against the pupil's target.

Regulation: check the colour-and-word card at Arrival and after You do.

Guide the same cues, display the artwork privately or track the group sequence. Your role has the same value. You may pass.

Return to learning · Offer the first model cue, then rejoin the chosen route.

Adult focus

I do · Point to the cue or part held clear.

We do · Ask for a visible clue. Fade one cue.

You do · Record actual support. Invite one next step.

During the share, the transition to the artwork felt rushed. What refinement helps most?

A. Pausing on the artwork cue gives the audience time to take in the visual work.

Optional: show or tell an adult what you changed after feedback. You may use your usual response mode or pass.

Mark R only after the pupil has responded to the next step and an adult has received and reflected the response.

Adult ticks the improved work.

Pupil voice

What helped you most today, or what would you change next time?
