Review.	4.
Exit.	3.
Total.	40.

Print list.

Print one tier pack per pupil, one Pupil Resources master, one Word Page and Knowledge Organiser per pupil who needs them, and one TA Brief per supporting adult.

Keep one Staff Answers and one Teacher and Cover Plan with the teacher. Answers are also in Teacher answers in this plan.

Green · Ready, Amber · Help, Red · Pause.

Return to learning: quiet pause, usual aid, one short task, then rejoin at the current step.

Catch-up · Match the clay card to the brick card with an adult. Join at card A.

At check-out, record E for — against the pupil's target.

What helped you most today, or what would you change next time?

Point, speak, sign, draw, write or choose. You may pass.

Read or scribe the pupil’s own words. Record actual support and one work reference.

Guidance.

Use picture cards and safe classroom items only. No heating or sharp objects. You may pass.

Formative practice. Record actual actions, support and gaps.

Accept the pupil’s own example or a pass. Record their own words and actual support.

Made by Matt

Preparation and safety.

Prepare pair cards (clay/brick, sand/glass, wood/paper) and printed table frames.

Use picture cards and safe classroom items only. No heating or sharp objects. You may pass.

Made by Matt

P17 · SLT planning and evaluation.

Trace how people change raw stuff from nature into a made item and fill a table.

Embedded catch-up.

Match the clay card to the brick card with an adult. Join at card A.

What needs re-teaching.

What changed after feedback.

Made by Matt

P18 · Individual target opportunities.

Opportunity.	Observe.
Communication.	Explains or directs a response.
Reasoning.	Links a fact to a choice or check.
Self-regulation.	Chooses an aid or a pause.

Pupil ID.

Individual target.

Actual response and support.

Adult deployment and responsive feedback.

The teacher models the task. The supporting adult reads, steadies or scribes as agreed. Keep the choice with the pupil.

Optional. Respond to feedback with an adult. You may pass.

Mark R only after the pupil has responded to feedback with an adult.

Offer one specific next step. Hear or read the pupil response. Reply and adapt the next cue when needed.

What helped you most today, or what would you change next time?

Point, speak, sign, draw, write or choose. You may pass.

Teaching script 1.

Arrival · 4 min.

Invite a private regulation check. Green · Ready, Amber · Help, Red · Pause. Return to learning: quiet pause, usual aid, one short task, then rejoin at the current step. Offer a quiet start, usual aid or pass. Use the cue and accept the pupil’s usual communication mode.

Starter · 3 min.

Starter question 1 revisits last week. Take one minute for recall and reveal. Is a baked house brick natural or made by people? Cue: Clay · baked by people. Expected: A brick is made by people from natural clay. Then ask: People heat sand until it melts. What clear material does it become? Expected: Hot melted sand cools to become glass. Match each natural start to the item people make from it.

Teaching script 2.

I do · 5 min.

Link the natural start to the made item. Find the natural raw material. See how people change it. Write both in your table row. Wet clay is soft and natural. People shape it and bake it hot. It becomes a hard brick for a wall. Changing a material gives it new features. Wet clay slumps, but baked brick stays hard. Keep each pair on one table row.

We do · 8 min.

Why do people bake soft clay into bricks? Ask for a choice and a reason before revealing. A. To make it hard and strong. Wet clay would squash under a heavy wall. Loose sand grains pour through your hand. How is window glass different?

Teaching script 3.

You do · 13 min.

Check that pupils put the raw material in the Natural column and the finished product in the Made column. In your book, complete two rows of the change table. Write the natural start and made item. Write one new feature the made item has. Supported route. Match two pairs in a table. Point to the new feature. Independent route. Fill two rows of the table. Write how the feature changed. Aspire challenge: Fill three rows of the table. Explain why the change helps. Choice route. Pick a route and mode. Show two changed pairs.

Teaching script 4.

Review · 4 min.

Check your table headings. Put Natural and Made in the right columns. Optional. Respond to feedback with an adult. You may pass. Mark R only after the pupil has responded to feedback with an adult. Keep the first response and any change separate. Edit in the same colour, on the same page or usual mode.

Exit · 3 min.

Ask the two route checks. What helped you most today, or what would you change next time? Point, speak, sign, draw, write or choose. You may pass. Accept the pupil’s own example or a pass. Record their own words and actual support. At check-out, record E for — against the pupil's target.

Teacher answers.

Starter · all routes.

1. Is a baked house brick natural or made by people?

Cue · Clay · baked by people.

Answer 1 · A brick is made by people from natural clay.

2. People heat sand until it melts. What clear material does it become?

Answer 2 · Hot melted sand cools to become glass.

We do decision reveal.

A. To make it hard and strong. Wet clay would squash under a heavy wall.

Card answers and next steps.

Card.	Answer and next step.
A.	Soft clay becomes hard and strong for walls.
B.	Grainy sand becomes a clear, solid sheet.
C.	Hard wood becomes thin, flat paper for writing.
D.	Loose fleece becomes a warm, stretchy hat.
E.	Crushed rock becomes a paste that sets hard.
F.	Sticky sap becomes a tough, bouncy ring.

Made by Matt

Mark scheme.

Today I can.

- I can name a raw start.
- I can name the made item.
- I can fill in a table.

Route.	Accept at Exit.
Supported.	Points to clay and states that baked brick is hard.
Independent.	Names a valid pair (clay/brick, sand/glass, wood/paper) and a feature change.
Aspire challenge: choose.	Explains that loose sand falls apart and blocks light, while glass is a solid clear sheet.
Choice.	Shows one valid raw-to-made pair and a changed feature.

Pupil voice accepted answer.

What feedback did you get, and what did you change?

“The adult checked my columns. I swapped clay and brick to the right boxes.”

What helped you most today, or what would you change next time?

Accept the pupil’s own example or a pass. Record their own words and actual support.

Completed table linking natural raw materials to made products.
