What to do

- Check picture access first. Ask for a point to the hull or mast. Wait, then rephrase. Hear a reason before the reveal.
- Use one card at a time or offer a frame. Keep access support separate from science cues. Follow the pupil's usual pause and return plan.
- **Reset** · Use the agreed quiet pause or Calm view. When ready, return to the last secure step and offer one small choice.
- Keep the torch with the adult and aimed at the card. Keep a lit route around the room.
