TA Brief

I can revise a written judgement about a fictional stem-cell case and explain why my edits improve it.

At check-out, record E for … against the pupil's target.

The fictional report gives a movement result and leaves harm results out.

Hear one reason during the sort and ask the learner to explain a repair in the weak paragraph. Check that the learner distinguishes an unreported harm result from a report of no harm.

Wait, point and rephrase before giving a content cue. Record actual I · S · C beside the task. Use the agreed quiet pause and return to one step.

Feedback codes VF · WS · I · NS + … · E · R · // · ?
Give one feedback code. My response is the pupil’s improvement to the work.
Adult checks the response and ticks it, or writes R (Pupil responded to feedback).

Exit pupil voice
What helped you most today, or what would you change next time?
Accept a pointed, spoken, signed, drawn, written or chosen response. A pupil may pass.
