Exit answer key

Exit 1: The agreed standard - Check every part against the agreed standard.

Exit 2: A success and a next step - Name what went well and one useful next step.

Exit 3: What I did and what help I used - Record your own actions and the help used. Group success alone cannot show each person did every step.

Hinge and task checks

All three kit cards are present but one has no job label. Is the task complete?

The brief needs three cards with name and job labels. Check the missing part.

Correct sequence: Plan the finish. / Check kit and safety. / Complete the steps. / Check and review.

My task is to prepare a garden kit station. The paper rehearsal has a tray with a pot, trowel card and watering can card. Each needs a name and job label. I check all three, then review my work. Real kit is checked by the adult before use.

I can finish the agreed parts with support.

I can show the finish and explain a check.

I can judge the finish using the brief and name a next step.

Misconceptions

Finished means I have stopped working. Correction: Finished means the agreed parts meet the brief and checks are complete.

Support makes the task less valid. Correction: Record the actual support. Do not hide it or claim independent work.

A photo alone proves every skill. Correction: A record must state what the pupil did, the checks and the help used.

Accept a different defensible example if the pupil links it to the task. Record a pass as a pass; never guess an answer or outcome.
