

Compare With Care

GROW • Humanities • 40 minutes

I can compare two named source accounts using a shared lens, evidence, difference and qualification.

Name: _____ Date: _____

You may write, type, say, sign, point or direct a partner. An adult can read the words and record your exact response. Keep the choice and explanation your own.

We do • make a choice and give a reason

Which sentence makes the most careful comparison?

- Both named sources include light, but they explain different meanings and neither represents every community.
- Diwali and Chanukah are basically the same festival because both use lights.
- All Hindus and all Jewish people celebrate in opposite ways.

Enquiry

How can we compare celebrations accurately while protecting difference within each community?

Independent mission

Compare two approved source accounts through one shared lens. Produce a similarity, difference, evidence on both sides, belonging connection and one scope limitation. A third-person or source-based route is the default.

Supported route

Complete a two-column evidence grid and use the frame 'Both sources _____. However, source A _____ while source B _____. This may connect people by _____. The sources cannot show _____.'

Prompt frame: Both _____ and _____. However, _____ while _____. Source _____ says _____. This matters for belonging because _____. It cannot show _____.

Standard route

Write or record one linked comparison using both sources, a belonging explanation and a within-community qualification.

Method: Shared lens → A evidence → B evidence → similarity/difference → belonging → qualification.

Stretch route

Evaluate how creator/perspective or a changed lens would alter the comparison; select the most defensible claim.

Method: Perspective/lens change → what becomes visible/hidden → best-supported comparison.

Pupil evidence sheet

Compare how two communities celebrate.

BAPS-LDN • community event account • adapted factual note: BAPS Shri Swaminarayan Mandir in London says its 12 November 2023 Diwali event brought together thousands from the local community and further afield. It describes hope, light and goodwill, Sharda Pujan, prayers, food, service and community participation. One London Swaminarayan Hindu institution and one year; practice varies.

JML • museum object record • adapted factual note: Jewish Museum London object 1474.11, photographed by Sarah Friedmann, documents members of Milton Keynes and District

Reform lighting Hanukkah candles. The catalogue stresses that Jewish belief and practice vary. One photograph cannot show every participant, meaning or setting.

Shared lens	Source A evidence	Source B evidence	Similarity	Difference
-------------	-------------------	-------------------	------------	------------

Belonging + qualification

This may connect people to a community because ____.

This comparison cannot represent/prove ____.

Paper route • discuss the lesson choices

Use these choices with the matching teaching stage. Point to or number a choice, explain it, then revisit it after feedback. The original HTML keeps the live controls.

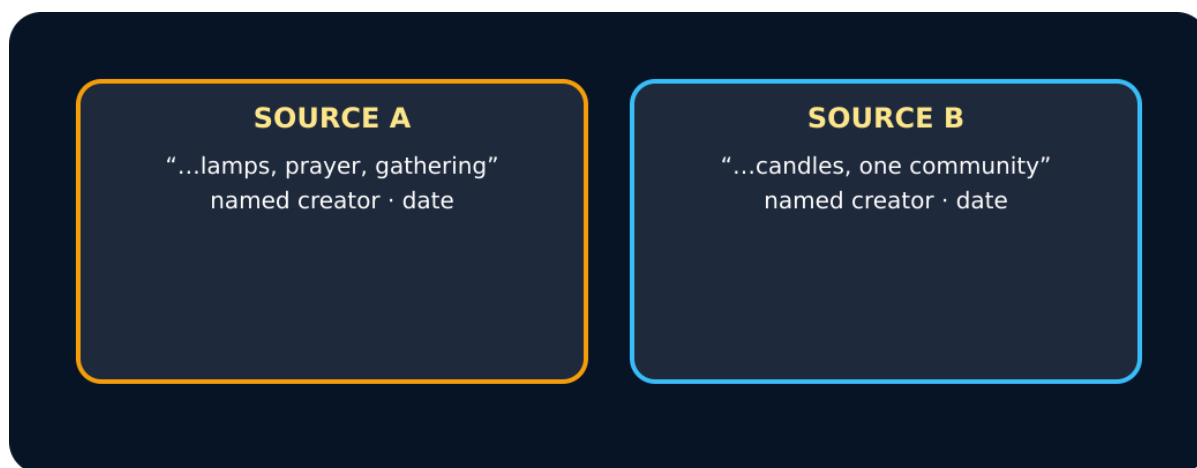

- A: how light is used · B: how light is used
- A: how light is used · B: how many people attended
- A: what the gathering is for · B: what the gathering is for
- A: the food served · B: the date it falls
- A: where the event took place · B: where the event took place
- same lens
- mismatched
- Add the four qualifiers
- Diwali + Chanukah
- Chanukah + Christmas
- Diwali + Christmas
