Same and different worldview responses

White standard edition

Compare how two worldviews respond to difficulty.

Theme Resilience & Change

One invented situation

An invented situation about no real person: a familiar activity moves to a different time. A person feels unsure about the change and needs to plan a new routine.

Your task

1 Listen to both worldview cards.
2 Complete all three rows of the same/different grid on the next page. Use short phrases in your book or a scribe.
3 Write three or four short sentences together as one paragraph. Give a similarity and difference supported by the cards.

A paragraph frame

Both examples include ____.
One difference is ____.
Support may help by ____.

You may name what a Christian person and a humanist person might do. No statement of your own beliefs or real hardship is needed.

Same and different grid

Compare the two examples. Read one row at a time. Use short phrases or tell an adult what to scribe in your book.

Aspect	Same	Different
Understanding difficulty	Your words	Your words
Choosing an action	Your words	Your words
Finding support	Your words	Your words

Our talk

Both examples show ____.
A difference is ____.
The cards support this because ____.

People within either worldview may respond in different ways. You may hear a card again or ask for a quiet pause.
