# A big question about change

White standard edition

Discuss a 'big question' about change respectfully.

Theme  Resilience & Change

## Our question

Does change make us stronger?

Stronger here can mean gaining a skill, confidence or a helpful way to cope. This can include asking for support.

## Your discussion

1  Hear or read the two viewpoint cards. Use the protocol card.
2  Give an answer for now and a reason. Respond to another idea by building, asking a kind question or disagreeing kindly. You may pass.
3  Write or scribe about two short sentences in your book.

## Your reflection

My answer for now is ____ because ____.
Another idea I heard or read is ____.

## Possible answers

sometimes / not always / it depends / not sure

You can use the invented example. No real hardship or personal belief needs sharing. You may speak privately, point, dictate or ask for a quiet pause.
