

PUPIL WORKSHEET

What a body needs

Autumn 1 · Week 5 · Lesson A

Name: _____ Date: _____

Identify several jobs of food, explain why variety matters and match example animals to appropriate foods without judging personal diets.

Use this sheet with the lesson. You may point, sign, speak, draw, write, dictate or direct an adult. Keep your first idea so you can show what changed.

1. Food-job information cards

Read or listen. One food may help with more than one job.

Food example	Some nutrients and jobs
Bread or potatoes	Starchy carbohydrate provides energy; foods also supply other nutrients.
Beans or lentils	Protein supports growth/repair; also carbohydrate and fibre.
Fruit and vegetables	Different vitamins and minerals, plus fibre.
Water	Transport and temperature control; no food energy.

2. Use a food-job reason

Write, draw, point or dictate as agreed with your teacher.

Choose from bread, potato, beans, lentils, carrot and apple. You can point to the information table.

- One food that helps provide energy: ____.
- One food that helps growth and repair: ____.
- One food with vitamins, minerals or fibre: ____.
- My evidence is ____.

3. Match the animal examples

Write, draw, point or dictate as agreed with your teacher.

Use: grass, mouse, leaves, suitable fish food. These are example links, not complete diets.

Animal	An example of appropriate food
Cow	
Owl	
Caterpillar	
Goldfish	

4. Explain variety

Write, draw, point or dictate as agreed with your teacher.

Use the examples; do not describe or judge anyone's real meals.

- A range of foods matters because ____.
- One food may help more than one job: ____.
- The claim "every animal needs the same food" is ____ because ____.

Choose a response route

Agree one route with your teacher; you do not need every route.

Supported

Point to a food card and an illustrated or spoken body-job label.

Standard

Match example food/job links and justify why variety matters.

Stretch

Explain overlapping nutrient roles and compare two animals using evidence.

Keep this record for Wednesday Week 5.
