

PUPIL WORKSHEET

Building a balanced plate

Autumn 1 · Week 6 · Lesson A

Name: _____ Date: _____

Classify example foods into broad Eatwell groups and explain that balance concerns a range of foods over a day or week, not exact personal portions.

Use this sheet with the lesson. You may point, sign, speak, draw, write, dictate or direct an adult. Keep your first idea so you can show what changed.

1. The five-group reference

Use the group names. The examples are teaching prompts, not a menu or portion guide.

Broad group	Examples
Fruit and vegetables	Carrot; apple
Starchy carbohydrate foods	Rice; bread; potatoes; pasta
Beans, pulses, fish, eggs, meat and other protein	Chicken; beans; lentils
Dairy and alternatives	Milk; fortified soya alternative
Oils and spreads	Olive oil; an unsaturated spread

2. Sort the eight cards

Write, draw, point or dictate as agreed with your teacher.

Write, point to or place the broad group.

Food card	Broad group
Rice	
Bread	
Carrot	
Apple	
Chicken	
Beans	
Milk	
Fortified soya alternative	

3. Check the claims

Write, draw, point or dictate as agreed with your teacher.

Use groups and variety in your explanation.

- “Every meal must copy the guide.” I think ____ because ____.
- “Foods from only one group show balance.” I think ____ because ____.
- “Foods we eat sometimes are banned.” I think ____ because ____.

4. A swap with a reason

Write, draw, point or dictate as agreed with your teacher.

Choose rice/bread or chicken/beans. Show the first and revised food choice.

- First card: _____. Replacement: _____.
- Both fit the broad _____ group because _____.
- One thing this card model does not show: _____.

Choose a response route

Agree one route with your teacher; you do not need every route.

Supported

Point or direct food cards to clearly worded groups with an adult reader.

Standard

Sort eight foods and explain balance over a day/week.

Stretch

Justify a group-preserving swap and explain a limitation of the model.

Keep this record for Wednesday Week 6.
