Caring in our community

Identify how people care in their community.

Resilience & Change

Our task

Match the care shown in each invented picture.

A community can share a place or activity.

You may point, speak, pass or ask for a quiet pause.

A nurse

Listens to an adult's health worry.

Invented illustration

A food-bank volunteer

Packs food ready to share.

Invented illustration

A neighbour

Brings shopping the person asked for.

Invented illustration

A faith group's helpers

Prepare a shared meal to show care.

Invented illustration

Match the care

Match each pictured role to an action.

Pictured role	Action
A Nurse	
B Food-bank volunteer	
C Neighbour	
D Faith group's helpers	

1 Prepare a shared meal

2 Bring agreed shopping

3 Listen to a health worry

4 Pack food to share

These are care examples. People may care in other ways.

Our talk

The ____ cares by ____.

This helps because ____.

People with different beliefs can all care.

My one line

People care in my community by…

Finish one general line.

Tell an adult or use your book.
No names or addresses needed.

Exit

Choose a picture. Who is helping?

What are they doing?

Helpful care includes asking what someone wants.
