Choosing a small kind action

White standard edition

Reflect on a kind action I can take.

Theme Resilience & Change

Your choice

A kind action shows care for someone or something we share.

1 Listen to the choice board. Choose one small action, suggest your own or choose later.
2 Use the plan card on the next page. Say how the action may help.
3 Finish one line in your book, or draw and explain your plan.

Our talk

I could ____.
This may help because ____.

Your one line

I can be kind by ____.

This is an idea you choose. You can change your plan. You do not have to do an action at home or report back.

You may point, speak, hear a part again or ask for a quiet pause.

Choosing a small kind action continued

White standard edition

My plan card

Use these prompts in your book, or tell an adult what to write. A role is enough. Do not use names.

Who

Who could it help?
For example: someone in my group.

What

What small action could I choose?

When

When could I try it?
For example: when I finish with a shared item.

Why I chose it

This may help because ____.

Ask first when needed. People may say no. Choose a small safe action.

You may draw the action and tell, show or point to who it could help and when you could try it. An adult may write your words.
