Teacher and cover plan

1. Outcome

Present an accurate, source-linked explanation and respond to a question without exceeding the evidence. Weekly outcome: Research a genetic condition online; present.

2. Arrival

Private predictable start. Check current understanding before assuming prior coverage.

3. Starter

Keep each first response before revealing the model.

4. I do

Model one source-linked claim and its limit. Use the source words and explain them.

5. We do

Hear both reasons. Re-model an unsure step while the other pupil tries a fresh example.

6. You do

Each learner keeps their own sourced facts, explanation, limit and response.

7. Routes

Supported / Independent / Aspire are alternatives within one task budget.

8. Access

Point, sign, speech, AAC, draw, type, write or exact scribe. Pass, pause and own-language planning are valid.

9. TA role

Use the least prompt needed. Record support separately and fade it.

10. Exit

Hear each learner's science and use it to choose the next prompt.

11. Evaluation

Date taught _____ Changes, reasons and coverage _____

Teacher and cover plan · kit and timing

12. Kit, safety, evidence and timing

Prepared source and claim cards, desk mat, paper/pens, printed planner and a teacher device or projector. No biological kit or pupil phone is required.

Use prepared cards and fictional cases. No biological samples, family history or diagnosis. Staff check local risk assessment and internet access.

Time	Stage
0–4 min	Arrival
4–8 min	Starter
8–13 min	I do
13–18 min	We do
18–22 min	I do 2
22–26 min	We do 2
26–36 min	Independent
36–40 min	Exit

Total 40 minutes. Quiet resets and feedback sit within the stated blocks. Alternative routes and model continuations share the stage clock.

Evidence: each learner’s first response, source-linked claim, actual feedback, chosen next step and exit. Record adult prompting separately.

Keep the core task and hand over checked understanding. Record changes, reasons and coverage impact. Date _____ Version _____
