

Use less, use again, sort waste

Today I can... ☐ I can use less. ☐ I can use a thing again. ☐ I can say why I chose it.

Feedback: ☐ VF ☐ WS ☐ I ☐ NS ☐ E ☐ R _____

Arrival

Look at the kit. Point to one thing you know.

My response

Starter

Think back. Say it, sign it or point.

1. Where do animals get food?

2. What helps bones move?

3. What helps hold your body up?

Use less, use again, sort waste

Today I can... ☐ I can use less. ☐ I can use a thing again. ☐ I can say why I chose it.

Feedback: ☐ VF ☐ WS ☐ I ☐ NS ☐ E ☐ R _____

Talk-then-sort

Sort the clean cards with us.

This sheet has a blank back. I can write there. I put it in _____.

Choices: Use less · Use again · Check local bin

Card or step	My group or match
Write on a sheet's blank back	
Fill a clean tub again	
Check the local bin for a can	

Choose a clean item. Show what you can do.

Independent F

Pick one way to use less.

I use less when I _____.

My response

Independent M

Show one item you can use again. Say why.

I can use _____ again because _____.

My response

Use less, use again, sort waste

Today I can... ☐ I can use less. ☐ I can use a thing again. ☐ I can say why I chose it.

Feedback: ☐ VF ☐ WS ☐ I ☐ NS ☐ E ☐ R _____

Independent H

Which uses less new stuff: fill a clean tub again or take a new tub? Why?

I choose _____ because it needs less _____.

My response

Go deeper

Could one safe item be used again before it is sorted for a bin? Show how.

My response

Tub or sheet: pick a first step for each. Which avoids a new item? Why?

My response

Exit

Show how you know. Tell your teacher.

My exit response

Read it back: I am learning to choose ways to care for a place.

My feedback was... I showed...

Next I need to... try one small fix.

Word help

Word	Meaning	Example	My language
reduce	use less	I use the back. I need less paper.	
reuse	use a thing again	I fill a clean tub again.	
recycle	make new things from old stuff	An old can can be made into a new thing.	
material	what a thing is made of	This can is made of metal.
