Keep a rock test fair

I am learning to keep a rock test the same each time.

Words

Word	It means	Example	My language
fair test	a check with one planned change	I use three drops each time.	
same	not changed in each try	I use the same water.	
change	make one thing different	I change the rock.	
result	what the check showed	A drop stayed on top.	

Look at the model

Fair check: same drops and wait; inspect top, through and edge routes. No result is assumed.
Simplified; not to scale.

How I know

I can name what we change.

I can name what stays the same.

I can record what I see.

Say first: I change ____ and keep ____ the same.

You can plan in any language.
