Weekly plan notes

Source and stories

I16 timing retained as 5/7/10/13/5. A covers redundancy and caring; B covers a health change, relocation and changing interests. Two complete fictional stories, numbered stages, guide, model, short choices and adult key. No real person, employer or place.

Analysis and evidence

Keep sequence and cause distinct. A choice, setback and support may overlap at one stage if the learner explains why. Use stage clues to explain two influences and a skill used before and again. A planned course or application is not a job offer.

Where this leads

This helps me see more than one route, notice skills I can use again and ask for support when a plan changes.

Access and private help

No personal-disclosure prompts. Reader/scribe/typing, short chunks, visible model, word bank, private rehearsal and usual aids. Plan in any language. A learner may ask a trusted adult privately or use the school’s help route. Pause and return with support.

Evidence and response

Keep the annotated case study in Careers Portfolio/action plan. Offer to the Communication portfolio. Retain actual help, first thinking, one NS and revision. E for banked evidence; R after Voice, Audience, NS and response in the same colour, on the same page or usual mode.
