Check every ingredient

Batch production record · Adult checks before any tasting

Product: _____ Recipe / batch: _____ Date made: _____ Checked by: _____

Read every original pack, including flavourings, raising agents and any added decoration. Keep pack photos. List compound ingredients too. Tick only when present; a blank box is not a claim that an allergen is absent.

14 regulated allergens: present in this batch	Present	Pack / ingredient evidence
Celery	☐	
Cereals containing gluten (name the cereal)	☐	
Crustaceans	☐	
Eggs	☐	
Fish	☐	
Lupin	☐	
Milk	☐	
Molluscs	☐	
Mustard	☐	
Peanuts	☐	
Sesame	☐	
Soybeans	☐	
Sulphur dioxide / sulphites (>10 mg/kg or litre)	☐	
Tree nuts (name each nut)	☐	

For cereals, name wheat, rye, barley or oats as applicable. For nuts, name almond, hazelnut, walnut, Brazil nut, cashew, pecan, pistachio or macadamia as applicable.

Unknown ingredient or warning? Stop and ask the food lead. Do not guess. Staff assess pack warnings and cross-contact risks; do not add a blanket “may contain everything” statement or an allergen-free claim.

Label every sample or item

Use the checked batch list. This is a production label, not individual project evidence.

PRODUCT LABEL 1

Product name / batch: _____ Made on: _____

_____

Ingredients in descending weight order, including compound ingredients:

_____

_____

_____

Make the actual regulated allergen names stand out in the ingredient list. Name the cereal and each nut where used.

Staff-approved precautionary allergen wording, if needed:

_____

Storage / use-by direction set by the food lead: _____
Checked against packs by: _____ Date/time: _____

PRODUCT LABEL 2

Product name / batch: _____ Made on: _____

_____

Ingredients in descending weight order, including compound ingredients:

_____

_____

_____

Make the actual regulated allergen names stand out in the ingredient list. Name the cereal and each nut where used.

Staff-approved precautionary allergen wording, if needed:

_____

Storage / use-by direction set by the food lead: _____
Checked against packs by: _____ Date/time: _____

Before release: ☐ complete ingredients ☐ allergens emphasised ☐ batch matches ☐ storage checked ☐ adult approved
The 14-box check does not replace the ingredient list. No approval means no tasting.
