Words for choices and help

Use these words with the made-up scenes. No real concern or private account is needed.

Decision

A choice about what to do. A trusted adult can help.

Safe choice

A choice that respects people and avoids adding harm.

Help seeking

Asking a trusted adult for support. Help can come first.

Permission

A person freely agrees to a share or action. Being asked by a group does not mean permission.

Fair

People can be heard and have safe ways to take part. Usual aids stay available.

Check back

Ask what will happen next or ask another trusted adult if more help is needed.

A model

A learner can pause before a share, ask a trusted adult first and choose a safe next step with help. They do not need proof before asking.

Your usual route

Point, choose a line, use an aid, type or ask for an exact scribe. The adult reads back quietly so you can correct it. You may pass or use the agreed supervised pause.
