Pupil studio resources & worksheet — Curate the studio showcase

Pathway: BASE · Week 7 Part 2 · Big question: How do we arrange and label our relief panels for a class art show?

Arrival check

Look at the two wall displays on screen. Why is Wall B easier to look at than Wall A?

[ ] The panels sit in a straight line with even gaps and neat labels

[ ] All the panels are piled on top of each other

[ ] The panels are stuck right up near the ceiling

Starter visual cues

Line 1: Title of the artwork (e.g., 'Iron arch at Dusk').

Line 2: Art tools used (e.g., 'Card relief, pressed foil,. Chrome dry brush').

Line 3: Maker's first name or studio code.

Placed neatly under the bottom right corner of the frame.

Vote: Why do galleries leave a clean space between each artwork on the wall?

Studio practice planner

Design your art wall label card and art show praise note.

Shapes/Focus: Title: Iron arch Span, Title: Steel tower Grid, Title: Bolt dot Bridge wall, Title: Chrome truss Frame

Tools/Methods: Art tools: Card + foil, Art tools: Ridges + dry brush, Art tools: 3-layer relief, Art tools: Chalk + charcoal

Exit ticket

What does it mean to 'set out' an art art show?

[ ] To arrange and label artworks neatly with even spaces so people can enjoy them

[ ] To wash all the paint pots

[ ] To hide the work in a drawer
