Body Needs · Tier Pack · Aspire

Learning goal: I can say how animals get food and match food to three jobs in the body.

Aspire Route (Book First)

Explain why eating only one kind of food is not enough for the human body.

Help: One food cannot do all three jobs, so the body would miss out on __ or __.

Optional Make It · Aspire

Make a one-food problem card

Write a short card explaining what would happen if an explorer only packed energy bars and no fruit, veg, or protein.

Word Help

energy: fuel from food that helps us move and keep warm

grow: to build and mend bones, muscles, and skin

keep well: to help the body fight off illness and stay healthy

water: a drink every living body needs each day

Exit Check

Who must eat food to live: a green plant or a dog?

Name one job that food does inside your body.

Why do we need both food and water every day?
